

EDUCATION AND RESEARCH INSTITUTE “EUROPEAN BUSINESS SCHOOL”

ASSESSMENT SCALE OF CURRENT AND FINAL SEMESTER CONTROL

Students are admitted to the final control if they fulfil the requirements of the training program and obtain at least **36** scores (Table 1) for current learning activities.

Table 1

Allocation of scores for current assessment

Grade in scores for current assessment	Grade according to the national scale
54-60	Excellent
45-53	Good
36-44	Satisfactory
less than 36	Fail

1.1. Students who miss the current control **for valid documented reasons** have the right to take the current control **within two weeks** after returning to studying.

1.2. Students who miss classes **without valid reasons**, do not participate in current control activities and do not liquidate academic failure are not admitted to the final semester control of this discipline. In this case, an academic staff member puts a mark '*non-admission*' into the examination (credit) record on the day of the exam (test).

Re-taking of the exam (test) in the discipline is appointed in case of accomplishing all types of educational, independent (individual) work stipulated by the working program of the academic discipline and is carried out according to the approved schedule of academic failure liquidation.

1.3. The final semester control of a certain discipline is an obligatory form of student performance control. It is carried out according to the curriculum in the form of **exam** or **test** in the period stipulated by the schedule of the educational process and in the amount of training material defined by the working training program of the discipline.

1.4. The maximum amount of scores that can be obtained during the exam/test is **40** scores (see Table 2).

Table 2

Allocation of scores for final assessment

Grade in scores for final assessment	Grade according to the national scale
36-40	Excellent
30-35	Good
24-29	Satisfactory
less than 24	Fail

Besides, if student's answers at the exam are assessed less than 30%, he or she receives the fail grade for the exam and the fail overall final grade.

1.5. The total grade for the discipline is calculated as the sum of scores for current assessment activities, individual task (if it is provided by the working program) and scores obtained during the final semester control.

The overall sum of scores is **100**. The total grade for the discipline is given according to the national and European scale.

1.6. The semester control results at ERI “EBS” are defined according to the European Credit Transfer and Accumulation System (ECTS) and the national scale.

The correspondence is given in Table 3.

Table 3

Correspondence of the semester rating grade in scores to the university scale and ECTS scale

Grade in scores (min. grade point / max. grade point)	University grading scale	University pass/fail scale	ECTS grades	Explanation
90-100	Excellent	Pass	A	<i>Excellent</i> (excellent performance with only a few mistakes)
82-89	Good		B	<i>Very good</i> (above average performance with several mistakes)
74-81			C	<i>Good</i> (correct performance in general with a certain amount of significant mistakes)
66-73			Satisfactory	D
60-65	E			<i>Sufficient</i> (performance meets minimum criteria)
30-59	Fail	Fail	FX	<i>Fail</i> (possible repeated pass)
1-29			F	<i>Fail</i> (repeated course is required)

The overall final grade in scores according to the national scale and ECTS scale is put into the credit and examination record, study card and credit book of students.
